### Trip itinerary

Welcome to our adventure that's perfect for all abilities! You'll take forest trails and tracks to discover Beaujolais and part of the Monts du Lyonnais. This adventure is great for anyone who wants to get a taste for tracks and experience the joys of off-road riding on your own trail bike or a hire one. Together with your expedition leader, you'll follow the GPS routes sent at the beginning of the trip. You'll ride between the Beaujolais vineyards and across the dense forests of the Monts du Lyonnais. You can stop for lunch at a restaurant or find some shade by the side of the track and enjoy the food prepared by our chef. As evening falls, expect a well-deserved rest in an exceptional natural setting at our camp. We'll enjoy delicious local food around the campfire as we watch the sun set. Enjoy the unforgettable experience of sleeping under the stars in comfortable cotton tents heated by wood burners.

#### STAGE 1:

From Lyon to the Beaujolais area – 150 km / 40% offroad, 60% tarmac / 6h ride

After a quick meet-and-greet at Baak, you'll be given your classic trail bikes prepared by Baak. You'll receive a quick briefing on the rules of off-road riding and set off mid-morning on the fast track to Châtillon, where we'll start our Beaujolais adventure between vineyards and pine forests. We'll stop for lunch in the middle of nowhere and enjoy the Monts du Beaujolais views. In the afternoon, we'll alternate between trails and roads, discovering the forestry plantations that dominate the Aزرgues Valley until we reach our camp where the team will be waiting with a bite to eat.

#### STAGE 2:

The Beaujolais through the hills – 140 km / 40% offroad, 60% tarmac / 6h ride

After enjoying breakfast under the first rays of sun, we'll set off on our second day of exploring the region. We'll spend the day riding between vineyards and forestry plantations on great tracks and picturesque roads, showing you the very best of the Beaujolais wine region. At the end of the day, we'll go back to camp and our team to spend the evening together and go over the best bits of the day.

#### STAGE 3:

From the Beaujolais area to Lyon – 100 km / 50% offroad, 50% tarmac / 4h ride

Ready to make the most of our last day, we head towards the Monts du Lyonnais. We enjoy the last tracks of the Monts du Beaujolais before changing mountain range via Tarare. After lunch, we head towards Lyon and end our adventure at Baak, where we'll share one last afternoon together and visit the premises.
