

# LAND ROVER DEFENDER BAAK

---

The Land Rover Defender recreated by BAAK is fully customizable and made to order in France.

Together, we can create the version that perfectly matches your personality. Leather or fabric color for upholstery, body and wheel color, carpet color, choice of seats and bench seats, soft top or hard top... Our expertise knows no bounds, so we can meet all your your desires.

If you opt for the 100% electric E•Defender version, you'll enjoy an exceptional experience, free from the noise of the truck engine and gearbox.

We can customize your own Defender, or find a vehicle to suit your needs. We can deliver this vehicle anywhere in the world.

## 1. EXPERIENCE

BAAK has consistently pushed the boundaries to offer unique experiences to its customers, a rich history of exploration, adventure and passion for classic vehicles. Today, we enter an exciting new era with the launch of our E.Defender.

---
